STRIKE IS REVIVED UNDER PLEADINGS OF NOTED LEADERS

SEEK FEDERAL INQUIRY INTO PATERSON STRIKE

Haywood Urges Strikers to Re-
turn to Picket Lines.

Paterson, N. J., May 26.—Fifteen
thousand strikers and strike sym-
bolizers showed one another in the
open air today in this city, while
the I. W. W. leaders repeated their
advice to keep on the picket line.
William Haywood said the great gath-
ering before him was a splendid an-
swer to the newspapers which have
said that the strike is going to pieces.
He told the strikers to go on the
picket line tomorrow in front of the
big Paterson store, with white rib-
bons in their coats to indicate that
they stand for justice. He urged them
to go into the stores and walk around,
but keep their hands in their pockets
without spending a nickel.

Pat Quinan announced that the ex-
ecutive committee of the general
strike committee will meet at 1 p. m.
tomorrow to select a committee to go
Washington for the purpose of trying
to bring about a federal investigation
of the silk industry in Paterson.

A commotion was caused at the meet-
ing by the arrival in automobiles of
50 children of strikers, bound for Eliza-
beth, to be cared for until the strike
is over.

Manchester, O., May 26.—Michael
Wood, 60, of Scioto county, was ar-
rested and charged with stabbing
James Kendle, 50, of Cincinnati, in a
barbershop fight.

Dr. Lyman Abbott's Stand on World Peace Makes Big Stir

D R LYMAN ABBOTT, editor of the Outlook and one of the country's
notables, is being widely praised and criticized for his outspoken atti-
tude on the world peace question. His views were expressed edi-
torially and led to his withdrawal or expulsion—the stories differ—
from the American peace congress and were also contained in his address at
the Lake Mohonk (N. Y.) peace conference, where he presided. He held that
international disarmament was not now practical and that peace among all na-
tions of the globe was still in the dim and misty future. Many people wonder
whether the association of Dr. Abbott with Colonel Roosevelt had anything to
do with his now radical stand.

Both Parties Preparing For the
Congressional Campaign.

NATIONAL COMMITTEES TO MEET

Leaders of Democratic and Republi-
can Congressional Bodies Discuss-
ing Question of Increased Represen-
tation of Senators—National Con-
vention of Republicans to Be Held
Next Year.

Washington, May 26.—Leaders of
the Republican party—members of
the executive committee of the na-
tional committee from 12 states—gath-
ered here and laid preliminary plans
for the congressional campaign of 1914
and the national political battle two
years later, to regain control of con-
gress and possession of the White
House. As a result the Republican
national committee will meet 60 days
after the adjournment of the extra ses-

sion of congress and an extraordinary
Republican national convention is ex-
pected to be called a year hence.

Changes in the basis of representa-
tion in national conventions and re-
form methods of party procedure,
which have been subject to criticism,
will be disposed of through these
agencies.

The national committee probably
will have offices at the beginning in
Washington, but later will establish
headquarters at New York and Chi-
cago.

The leaders of the Democratic and
Republican congressional committees
are discussing the question of increas-
ed representation of the senate in
view of the coming direct election of
senators by popular vote, and the
sentiment in both committees appar-
ently favors such an increase.

Representatives James F. Burke of
Pennsylvania, now Republican whip
of the house and vice chairman of the
Republican congressional committee,
is a leading possibility for the chair-
manship to succeed Former Represen-
tative William McKinley of Illinois,
though Mr. Burke is said to be disin-
clined to take the office.

The Democratic national committee
will meet soon to organize and work
out details for the congressional cam-
paign.

LOUISIANA RECORDS SICKENING DISASTER

FIVE TO TEN KILLED

Drainage Siphon Gives Way, Carrying
Down Workmen.

New Orleans, May 26.—From five to
10 men perished like rats in a trap
and nearly a score of others had nar-
row escapes, several being injured
seriously, when a drainage siphon un-
der the old basin canal collapsed. The
known dead are: Richard Ballou and
J. Luckenbocker, white carpenters,
and Mack Nailor and Philip Jackson,
negro laborers. Without warning the
sheet piling protecting the cofferdam
gave way, and almost the first notice
received by members of the construc-
tion company was when human fig-
ures mingled with pieces of wreckage
began coming to the surface of the
canal.

ROOSEVELT IS DETERMINED IN HIS FIGHT FOR VINDICATION

ARRIVES TO PUSH HIS LIBEL SUIT

Roosevelt, Accompanied By Wit-
nesses, Reaches Marquette.

TRIAL FORMALLY OPENED TODAY

Following Selection of Jury and Open-
ing Statements of Counsel, the
Judge Will Be Called Upon to De-
cide Just How Much Proof Will Fall
On Plaintiff and Defendant—Editor
Attacked Colonel's Sobriety.

Marquette, Mich., May 26.—Former
President Roosevelt, accompanied by
a formidable array of witnesses, ar-
rived here early today to prosecute
his libel suit against George A. New-
ett, publisher of the Iron Ore at Is-
pening, Mich.

The libel suit resulted from the pub-
lication, during the last presidential
campaign, of an editorial in the Iron
Ore in which the statement was made
that Colonel Roosevelt was untruthful,
was given to the use of profanity and
used intoxicants to excess.

The trial began here today. After
the selection of a jury and the opening
statement of counsel for the plaintiff,
Judge Richard C. Flannigan, among
his first duties, probably will be called
upon to rule just how much proof will
fall on the plaintiff and the defendant.

The points upon which local law-
yers are contending is whether Colonel
Roosevelt must prove in detail that
the drunkenness charge was libelous
or whether his claim for damages can
be sufficiently set forth in a simple
denial of the editorial charge, leaving

GEORGE NEWETT.

to the defense the burden of proving
the truth of the allegations in the edi-
torial printed in the Iron Ore during
the presidential campaign last year.

What constitutes drunkenness is an
other point calculated, it is said, to
afford much argument for counsel,
much quoting of authorities and con-
siderable thought on the part of the
jurors.

Following are members of Colonel
Roosevelt's party: Frank Harper, Ja-
cob Rife, Gifford Pinchot, Frank H. Ty-
ler, Robert Bacon, William Loeb, Jr.,
Edmund Heller, Walter Brown, J. C.
O'Loughlin, O. K. Davis, J. Sloan,
Judge A. Z. Blair, W. Emlyn Roosevelt,
Philip Roosevelt, Dr. Alexander Lam-
bert, James R. Garfield, Truman H.
Newberry, and eight others. Most of
them are witnesses.

Depositions to be submitted have
been taken from Former Surgeon
General Rixey of the United States
navy, Admiral Dewey, Dr. Albert
Shaw, editor of the Review of Re-
views, and many others.

Horace Andrews of Cleveland of the
firm representing the Cleveland Cliffs
Iron company and W. B. Belden of the
Ishteping steel trust, an attorney and
warm friend of Newett, will handle
the defense's case.

WOOD AND ATTEAUX

Charged With Complicity In
the Dynamite Planting Plot.

Photos by American Press Association.

John J. Green's testimony was expected
to be damaging to William M. Wood (top),
president of the American Woolen com-
pany, and Frederick E. Atteaux, a Bos-
ton manufacturer, who are accused of
complicity in planting dynamite to dis-
credit strikers in Lawrence, Mass. Green
said he was hired by Atteaux to "plant"
the explosive, but did not implicate Wood.

MANSLAUGHTER IS CHARGE FACED BY LONE SURVIVOR

PELKEY IN COURT; AWAITS INQUEST

Report Current That Luther Mc-
Carty Had Weak Heart.

Calgary, Alberta, May 26.—Arthur
Pelkey, from whose stiff right hook
near the heart, Luther McCarty, heavy-
weight champion, fell dead in the ring
at the Burns arena, faces a charge of
manslaughter in police court here.

Just before the death of McCarty
was announced, Pelkey slipped into
his street clothes, at the request of
his trainers, and was taken to his
hotel in an automobile. It was not
until after he had washed and dressed
that he learned of McCarty's death.
He had started from the hotel when
officers arrived and took him into cus-
tody.

An autopsy was held over the dead
fighter's body and an inquest will be
held this afternoon. The result of the
post-mortem is withheld, pending the
inquest.

Numerous doubts were expressed
as to the actual cause of death. It did
not seem as though there was suffi-
cient force behind the blow to the
heart to cause death, several persons
have declared. Pelkey said he did not
believe that his punch actually land-
ed near the heart.

It was currently rumored that Mc-
Carty suffered from a slight weakness
of the heart the last few days, and
this, in conjunction with the excite-
ment of the bout and the landing of
the unexpected punch, are generally
blamed for his death.

McCarty To Be Buried in Ohio.

Cincinnati, Ky., May 26.—A. P.
(White Eagle) McCarty, veteran
showman, broke down when he re-
ceived a message telling of the death
of his son, Luther McCarty, in his
pugilistic battle. It was announced
that the funeral of the cowboy pugilist
will be held in Piqua, O., one week
from today.

DEMON IN PEN AGAIN

Columbus, O., May 26.—Otis Hurley,
so-called penitentiary demon, was re-
ceived at the state prison to begin his
fourth term. This time Hurley is
slated to begin a five-year sentence
from Greene county for horse-stealing.

ANDY'S SCHEME TO SHUT OFF WARFARE

NEW PLAN FOR WORLD PEACE

Carnegie Will Talk Disarmament
When He Meets the Kaiser.

Berlin, May 26.—Andrew Carnegie
has an entirely new scheme for world
peace which he intends to submit to
the kaiser when he comes here on
June 17 to congratulate the German
emperor on his peaceful reign of 25
years. Mr. Carnegie's plan, which he
expects to go into operation as the
crowning achievement of Emperor
William's reign, is for the kaiser to
take the initiative in reducing arma-
ments and ask the other nations to
follow his example.

throws on the high speed lever.

ASSESSORS RETURNS SHOW SUBSTANTIAL GAINS IN FAYETTE COUNTY

The assessors' returns from every taxing district in the county, the totals of which are presented in the accompanying tabulated statement, are very interesting to every one who takes pride in Fayette county and

what she has and does. The reports show that the total valuation of all personal property in the county as given to the assessors, is \$5,242,144, a gain of \$658,727 over the valuation of last year, and that there has been a substantial increase

in practically every item over that of last year. The number of hogs in the county has jumped from 18,111 returned last year, to 43,515 this year, and that the gain was due to the fact that the cholera did not sweep the

county as it did the previous year. It also shows that there are 353 automobiles in the county, having a total valuation of \$148,875, and that the value of Fayette's 11,065 horses is just a cool million dollars, with \$16,950 additional.

One assessor (Upper Paint, Yatesville precinct), discovered one watch in his district, and it had a value of \$10, while the other personal property reached \$173,930. In all there were 1923 watches valued at \$11,024, together with 1096 pianos and organs having a value of \$69,965. Non-taxable state bonds are popular.

There are 14 dogs in the county that have any value, \$460, and there are 1353 male dogs and 151 female dogs that have no value. A careful study of the accompanying statistics will show the totals in each district in the county.

THE WONDER COMPANY CLOSED DOWN SATURDAY BY ORDER OF DIRECTORS

Plant is Splendidly Equipped and Has Large Order List Waiting for Attention.

Closing Announced to be for a Short Time Only.

The fact that the Board of Directors of The Wonder Manufacturing Company on Saturday morning had decided to close down the plant for a short time came as a big surprise to the majority of Washington people.

The directors in the resolution closing the plant declare that the plant will be closed for a week.

While nothing authoritative is given out by the directors or stockholders current rumor has it that the organization of the new company and the subscription to the capital stock has not been of that permanent character which justifies those at

present in authority in going ahead until the business lines are permanently marked out.

The institution has been doing splendidly, but it seems there are matters of permanent policy for the new company which have not been settled.

There is a fear held by a great many people that Washington may lose this industry.

A slight cold in a child or a grown person holds possibilities of the gravest nature. Croup may come on suddenly in the night, bronchitis or pneumonia may develop, and severe catarrhal troubles and consumption are possible results. Foley's Honey and Tar Compound nips a cold at the outset, cures croup quickly, checks a deep-seated racking cough, and heals inflamed membranes. It does not constipate and contains no opiates. Refuse substitutes. Blackmer & Tanquary.

STILL ROOM FOR FEW MORE ENERGETIC FARMER BOYS TO SECURE COVETED FREE TRIP

TWENTY-ONE ENTRIES WITH 13 IN JEFFERSON

Some Fifteen Free Trips Promised if Enough Boys Enter Corn Growing Contest to Warrant Giving of Trips—Only Few More Days Remain in Which Boys Can Enter Contest.

While many Fayette county farmer lads have responded to the call for energetic youths who wish to become farmers of note and make a free trip to Washington, D. C., there is still room for many more to enter the contest before it closes on the first day of June.

So far 21 Fayette county boys have joined the corn raising contest after the free trip cast, and it will soon be up to those who have been "thinking" or paying the way to take formal action, although in some of the townships included in offers already made no boys have responded to the call.

The number of trips offered to date are: Washington Savings bank, one trip, county wide; Citizens of Jeffersonville and Jefferson township, two trips, confined to Jefferson township; Leesburg bank, one trip, including Green township; Congressman Post, one trip in district. Eleven other trips are proposed if sufficient entries are made to make the contest worth while.

The entries from Fayette county which include 13 from Jefferson township, are:

Edwin W. Boyer, Albert H. Burris Concord township; Harold Zimmerman, Willard C. Kirk, Harry L. Heironimus, Carl E. Miller, Warner M. Straley, Leroy Booco, Ellsworth Vaunorsdale, Howard Vaunorsdale, Willie A. Torbett, Homer R. Garinger, Floyd Palmer, Lucius Carr, Russell L. Cook, Jefferson township; Walter Jones, Herman McCune, Thomas Parrett, Wayne township; Otis Stookey, Owen B. Riley, Union township; Harold Barnes, Paint township.

A man living at Auburn, New York, had a severe attack of kidney and bladder trouble. Being a working man, not wanting to lose time, nor run up a heavy doctor's bill, he cured himself completely by using Foley's Kidney Pills. A year later he says: "It is a pleasure to report that the cure was permanent." He has had no return whatever of the pain, backache and burning. His name is J. A. Farmer, and he says: "Of course I recommend Foley's Kidney Pills as a very effective cure for kidney and bladder trouble." Blackmer and Tanquary.

Nearly 200 of the fraternity met in the I. O. O. F. Temple and marched to the church, where they were joined by a number of sympathetic friends. The services were a beautiful tribute to the beloved dead.

Rev. Jason Henkle, of the M. P. church, delivered a strong address on "Odd Fellowship" and a quartet, Misses Ella Hess and Sarah Holmes, Messrs. Burch and Hicks, Mrs. Hicks, accompanist, rendered effective music.

At the close of the services the order marched to the Washington cemetery and decorated the graves.

IN SOCIETY

Mr. and Mrs. Charley Kearney, of S. Main street, handsomely entertained twenty-two boys and girls Saturday afternoon in honor of their son, Ralph, and his 11th birthday.

The children had a merry time, the most fun of all, pinning the tail on the donkey. Walter Van Pelt won the first prize and little Tom Kinney the booby.

A very tempting lunch was served and the young host received many pretty gifts.

WASHINGTON WINS SECOND IN CONTEST

In the fourth annual interscholastic meet of Miami university, held at Oxford Saturday, and in which ten teams competed, Washington won second place, the strong Cincinnati team carrying off first place by having men to enter in all events and their general good work.

The three high teams stood 39 for Cincinnati, 34 for Washington, and 22 for Dayton, the fourth in line making only nine points.

Lanum, for Washington, easily took the low hurdles. He has not been beaten this year. Cincinnati won 2nd and Dayton 3rd in the low hurdles.

In the pole vault, Frayne, for Washington took first, Cincinnati 2nd, and DeWitt, for Washington, 3rd.

Casey, Washington, won second in the 100 yard dash, Dayton 1st, and Cincinnati 3rd. Casey made a new record of 19 1/2 seconds, being compelled to make three runs in 18 minutes' time.

Cincinnati won the running broad jump, making 26 feet, 11 inches. Stevens for Washington, was second, 19 feet 9 inches, and Dayton stood third place.

Craig fell in the 120 yard hurdle, being bumped by another man, and was unable to finish. Cincinnati walking off with first and second and Dayton carrying off the third.

Cincinnati won the discus throw, with Casey a good second. Casey also carried off third in the 220 yard dash and Stevens won the half mile sprint, making the half in 2:05 some 60 yards ahead of his nearest competitor.

In the hammer throw Zimmerman was disqualified on account of an alleged foul. He was the only real hammer thrower on the field, however, and put it 145 feet with ease. His nearest competitor could put it only 115 feet. Zimmerman is regarded as the best hammer thrower in the state, and he hurled the hammer so far Saturday that it struck among the crowd of spectators, but fortunately injured no one.

ARABSMURDER 1000 ITALIANS SURPRISED BY PAGAN HORDE

Chiasso, Switzerland, May 25.—The strict censorship which the Italian government has imposed on all news relating to the state of affairs in Tripoli, and particularly with regard to the defeat of the Italian forces at Sidi Garba on May 16, has made it difficult to obtain exact information on the recent reverses in that territory. It has been learned, however, that the disaster at Sidi Garba was due to a well-laid plan of the Arabs.

An Italian workman named Machlevelli, who had been taken prisoner by the Arabs, was allowed to escape after being carefully primed with false information which he carried to General Gambretti.

Instead of waiting to carry out a scheme of co-operation with General Tassoni, who was on his way from Benghazi with a strong force, General Gambretti, on the strength of Machlevelli's report that the number of the enemy was small, decided to attack alone. Accordingly he divided his 3000 men into three columns, which were supported by four guns and a battery of howitzers. After the first flush of victory the Italian soldiers were resting, when suddenly each column was set upon from front and rear and cut off from the others and butchered. At the same time they were subjected to a heavy shell fire.

The Italians showed admirable courage and endurance. Some of the companies lost all their officers. One advance detachment lost 26 out of 40 men, and it soon was apparent that retreat alone would save the forces from annihilation.

Colonel Magdalena was shot, and as he lay dying wrote a report praising his men and recommending for promotion his major, who, although twice wounded, took command.

General Gambretti on his return to Berna said:

"It was the bloodiest day of the whole Italo-Turkish war."

The Italian losses are estimated at 1,000.

The great calamity in Omaha was quickly overshadowed by the terribly disastrous floods in Ohio. COLORED PHYSICIAN GUILTY OF ASSAULT

A verdict of assault was returned Friday by a jury in Judge Kinkead's court in Columbus, against Dr. W. J. Woodlin, colored physician who was tried for manslaughter as a result of running down in his automobile and killing eight year old Herbert Hazelwood, a son of Mr. and Mrs. Thomas M. Hazelwood, formerly of this city. The child was killed April 24.

The court imposed a fine of \$25 and costs. Woodlin had previously settled with the boy's family by paying \$700 damages.

The state claimed the machine was driven faster than 25 miles an hour, but the defense produced numerous witnesses who estimated its speed at not over 10 miles an hour. One witness declared the physician called to the boy twice before the machine struck him.

The jury requested the suspension of any fine that might be imposed and to this Judge Kinkead agreed, but levied the costs against the physician. These will amount to nearly \$200.

Time For Determined Action

The closing down of The Wonder Manufacturing Company's big plant on Saturday night should be a cause of deep concern to every public spirited citizen in Washington.

Why should this industrial institution which injects, every week, into the arteries of local trade between five and six hundred dollars, drawn from the world outside, cease to operate?

That is a question which every man in Washington, rich or poor, should ask himself and set determinedly to work to answer correctly.

Having done that and answered the question, every man should next devote his energy to bringing about a condition which will cause the doors of that splendid plant to again swing open and the wheels of the machinery to "go round".

From reliable information it is gathered that the cause of the closing is in no sense the ordinary financial difficulty which so often proves the end of large manufacturing plants.

On the contrary the new company is reliably reported to be in a prosperous condition with exceptionally bright prospects for the future.

Sifted down from the information obtainable the cause of the closing which it is to be hoped will prove to be as it is announced, only temporary, is that old handicap which has proved to be such a drawback to Washington's progress in a manufacturing way—a disposition upon the part of many who could and should interest themselves—the many who would profit directly from the operation of such an industry, to allow the few not so directly interested to carry all the burden at the critical time.

The present Wonder Manufacturing Company is a new organization—it is here now and established with a splendidly equipped plant and a business, the value of which cannot be overestimated. There is no need to go out into the world seeking to induce a factory to locate here, and holding out financial inducements in excess of real benefit which will accrue to the public on account of its coming. All the people of Washington need to do is to stir themselves and take care of that which is already here.

The Wonder Manufacturing Company is right now passing through that crisis in its formative period, common to all such concerns, when the people of Washington may by action, profit by its retention or by inaction suffer loss by its removal.

It is high time that this important matter be attended to and it is up to the people who know the incalculable value of such an institution and have been making frantic efforts to secure just such a one to stir themselves and act promptly and decisively while there is time.

The opportunity will not be here indefinitely and no time can be wasted.

Business men should look into this matter, realize its magnitude and put their shoulders to the wheel and bring the result.

Teachers Fail to Teach Children Respect For Law

By MAY IDA SPENCE, Educator, of New York

TEACHERS of dauntless courage and of self sacrifice are much needed, who will insist constantly and vigorously on certain needs; on the need for the CULTIVATION OF THE INTELLECTUAL VIRTUES not the least among the number, for they are essential to the well developed womanly character.

LAW ABIDINGNESS is one of the most important of social habits to acquire. When Miss Jane Addams was asked some years ago, "What is the matter with Chicago?" she promptly replied that the great fault of the people of that city was their disrespect of the law, and she added that "there is a sort of GOOD NATURED, HAPPY-GO-LUCKY EVASION ON THE ONE SIDE AND TOLERATION ON THE OTHER, both among the more educated and intelligent citizens and among the poor and ignorant classes, when all of them ought to stand up for the laws and not only obey them, but see that others obey them also."

I REMEMBER AN EDITORIAL IN WHICH IT WAS AFFIRMED THAT LAWLESSNESS SEEMED TO BE A CHARACTERISTIC AMERICAN TRAIT—NOT INTENTIONAL WARFARE ON SOCIETY, BUT JUST GOOD NATURED CONTEMPT FOR LAWS WHICH DO NOT SUIT INDIVIDUAL TASTE OR CONVENIENCE. YET WE ALL WANT THESE LAWS ENFORCED AGAINST SOMEBODY ELSE WHEN HIS OFFENSES ANNOY US. THE TEACHERS IN OUR SCHOOLS FAIL TO TEACH SUFFICIENT REVERENCE FOR LAW, AND THE HOMES FAIL TO INCUCLCATE IT.

Poetry For Today

THEY ARE NOT DEAD.

They are not dead those names we breathe,
With trembling voice and tear dimmed eyes,
For whom the marble shaft we wreath
With garlands of immortal eyes,
Not dead—they sleep while angel guards
Patrol their camp on every hand;
Sweet rest at last their toil rewards
Who sought to save their leaguered land.

These graves with tears of love bedew,
And deck them with the bloom of May
In honor of the boys in blue,
In memory of the boys in gray,
No more opposed in deadly strife,
Brother to brother, sire to son,
They proved their valor life for life,
Now side by side they sleep—as one.

Sleep on brave hearts, and take your rest,
A hundred million strong and free
Shall guard in each heroic breast
Your pure and priceless legacy.
'Twas not in vain, O noble band,
Your blood imbued Columbia's sod,
United now her children stand—
One flag, one country, and one God.

Expenditures by the P. R. R. incurred through new laws, federal and state, governing railroad affairs from 1906 to 1913, was \$10,936,184. The semi-monthly pay bill alone cost \$275,000 in one state. The full crew law will cost the road millions annually. New Jersey's grade crossing bill if literally enforced, will cost more than \$60,000,000.

The International Congress of Farm Women is planning to meet in San Francisco at the Panama exposition in 1915. They expect to have the greatest farm women's convention ever held in any city. The president of the International Farm Women's Press association has invited the European division meeting in Ghent, Belgium, in June, and the South African division meeting in Bloemfontein, in September, to begin this year to prepare to come to San Francisco in 1915.

In a map prepared by State Highway Commissioner each dot represents a bridge loss of \$1000 during the March flood. Only seven counties, Vinton, Jackson, Highland, Noble, Adams, Erie and Carroll, escaped without loss. In several others the loss was so small as to be of no consequence. The total loss represented on the map is \$400,000. Four large counties are Hamilton, \$555,000; Franklin, \$787,000; Butler, \$565,000; Montgomery, \$699,000, suffered the heaviest.

The Tango, Turkey Trot, the Jelly Roll and other present day dances have so stirred the British society, that an attempt will be made to put a stop to them. One editorial writer said: "Some of the attitudes in the new dances are strange we admit, but surely the important point is that dancers see nothing curious in them."

FOR DELICATE CHILDREN.

A Mother's Letter to Mothers.

Mrs. E. W. Cooper, of Bloomfield, N. J., says: "My child, seven years old, had a bad cold and was weak and quite run down in health. She had been in this condition for about six weeks when I began giving her Vinol. It was a wonderful help to the child, breaking up her cold quickly and building up her strength besides. I have also found Vinol a most excellent tonic for keeping up the children's strength during a siege of whooping cough."

Vinol is a wonderful combination of two world-famed tonics—the medicinal body building elements of cod liver oil and iron for the blood, therefore it is a perfectly safe medicine for children, because it is not a patent medicine, everything in it is printed on every package, so mothers may know what they are giving their little ones.

Therefore we ask every mother of a weak, sickly or ailing child in this vicinity to try Vinol on our guarantee. Blackmer & Tanquary, Drugists, Washington C. H., Ohio.

A GLIMPSE BACK THROUGH YEARS

(John E. M. Kerr.)

February 10, 1879.

A Clinton county farmer says that the idea that crows are not good to eat is all bosh. He finds them much superior to hen. This man is evidently a Democrat.

The village council of Bloomingburg propose to put a stop to the sale of ale, porter, beer, etc. in that place by a prohibitory ordinance, which will be found in another column of The Herald.

We learn that Dr. O. A. Allen proposes building six small dwelling houses on his lots on the Circleville pike the coming season.

At the election of Justice of the Peace of this township, held last Saturday, Z. W. Heagler, Republican received 212 votes. The Democratic vote was divided between G. W. Clemens (colored), Cool White, (colored) and W. C. Gould (white), of the Register. Clemens received 89 good Democratic votes, Cool White 1 and Gould 1.

MUST SAVE BALLOTS FOR THIRTY DAYS

County boards of election are skirmishing about to find some place to store ballots of next fall's election.

Under a new law, enacted recently by the legislature, all ballots will have to be preserved for at least 30 days after every election. In the past they have been destroyed just as soon as they were counted. The change will make it necessary to find some safe place to house the ballots during the 30-day period. The county board has no fireproof vaults large enough to accommodate the accumulation of ballots.

The aim of the new law is to anticipate fraud or error in the counting and tabulation of ballots. In the future when charges of fraud are instituted within 30 days after an election the ballots are to be brought into court, there opened and publicly examined. Under the new statute, all of the ballots will be destroyed together on the 30th day after election.

In the aggregate several thousand men, women and children have traversed over 40,000 miles in the care of the Dahl-Millikan Co.

For this year, the seventeenth annual outing, starting June 23rd, the company is making arrangements on an elaborate scale and will visit Michigan and the "Soo" the greatest engineering project of our country next to the Panama canal. It is many years since the Michigan trip has been taken, but some of the Dahl-Millikan customers who made the first trip are booked for the 1913 outing.

For this trip the Dahl-Millikan Company has chartered for its exclusive use the City of Detroit II, a luxurious floating palace, one of the finest and largest of the lake steamers, and the lake trip will be one constant delight, crowned by the unique and varied attractions offered at the "Soo".

As already 500 are booked for the outing, it will be necessary to accommodate the overflow with the outing of the Monypeny-Hammond branch of the Midland Grocery Co., of Columbus, which has chartered the same steamer for the same trip, a week earlier, June the 16th.

In consequence the customers of salesman Thad McLean, including the territory of Circleville, Lancaster and points east, will make the trip with the Columbus branch.

The special train for the Dahl-Millikan outing starts from Chillicothe Monday A. M., at 7:30, June 23rd, and stops at signal between that city and Washington C. H. Upon arrival here the train will make a two hours' stop, giving customers a chance to be taken through the immense new plant erected since the fire, and now having a total floor space of 150,000 square feet. As is their established custom the officers and members of the company, salesmen and employees, will hold an informal reception and introduce the customers. The train pulls out from here at 11 a. m., arriving at Detroit, Mich., at 6 p. m.

The "City of Detroit II" will be in waiting, taking no other passengers but the Dahl-Millikan party. Moonlight will contribute to the beauty of the lake ride and the St. Clair Flats,

Mackinac Island, St. Ignace, Ignace and other scenic resorts will be passed enroute. There will be music and dancing on the boat and meals will be served in the dining saloon as in the great dining room, so as to avoid crowding.

Arriving at the "Soo" Tuesday afternoon there will be much of interest. The city of Sault Ste. Marie, the immense government ship canal, with the largest locks in the world, except Panama, the magnificent fish hatchery, the international railroad bridge and Canadian city across the river.

Wednesday the steamer brings the party down the St. Marys river, a succession of beautiful straits, bays, lakes, high hills, and picturesque turns to Mackinac Island. The party will be given ample time to see the many places of historic interest around "Old Mackinac".

The return trip brings the "City of Detroit II" into Detroit Thursday evening in time for those who wish to see this beautiful city, and take in its parks, theaters or other amusements.

Friday morning, via special train via Pere Marquette and C. H. & D. railroads, the party starts for home, reaching here Friday evening.

Dinner will be served on the train and representatives of the company and its salesmen will accompany the party and personally insure the best of the itinerary of the trip and a large

amount of attractively gotten up advertising along lines of interest to Dahl-Millikan customers. This is a retrospect of the 17th year of substantial growth and development which have expanded the Dahl-Millikan wholesale grocery from a modest beginning to its present mammoth proportions.

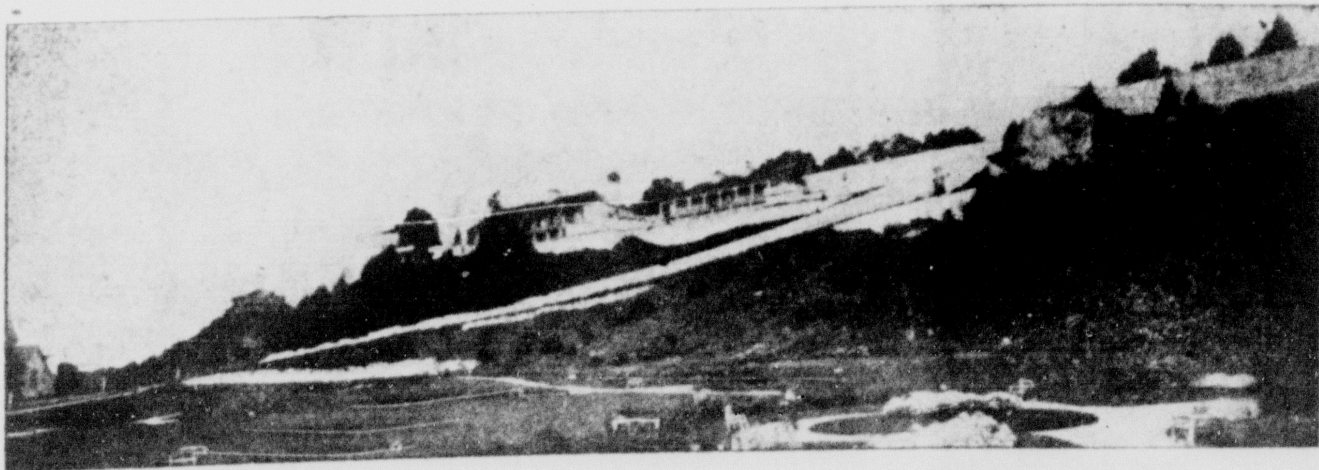

Organized as the James F. Ely, wholesale and retail, it passed through a succession of organizations "Ely and Stinson," "Stinson Bros. & Co.," "Dahl & Baer," "Dahl-Baer and Co.," until in 1892 all old partnerships ceased and the business was incorporated as "The Dahl-Millikan Co." No further changes occurred in the business until the consolidation on January 1st, 1902, with the Monypeny-Hammond Co., of Columbus, when the Midland Grocery Co.

The seventy book of the seven-seventh annual outing to Mackinac and the "Soo" is a positive work of art. The cover page shows the great Detroit skyline through the waves and a snowy sea gull diving in to the blue waters. In addition to the itinerary of the trip and a large

ANOTHER GAME CHUCKED AWAY BY THE ATHLETICS

Work of the Local Outfield was Decidedly Off Color and the Visitors Took Kindly to Reno's Slants.

FORMER LOCAL PLAYER FREIBER STARS FOR VISITORS

Local Boys Are Due For a Decided Braceup and Better Ball Playing is Expected.

The loss said about the game at the Washington Athletic park Sunday between the Dayton Shamrocks and the Athletics, the better of the local team had another off-day. The slants were lined out in rather abundance by the visiting outfield and the work of the outfield was decidedly off on the punk side.

The visitors, who had a cluster of three in the eighth inning, and a pinch runner, who was two weeks out and a chance to get the win, had been decimated by the local side.

Treiber ("Red") started for the visitors and in right field early "ate up" all chances, making seemingly sure hits out.

The score: Dayton... 3 0 1 9 0 0 3 1 0 10 W. C. H... 0 3 0 0 3 0 0 1 0 7

DOG ATTACKS A SMALL CHILD

Alice Marie, the two-year-old daughter of Mr. and Mrs. John Sollars of near Eber, was attacked by a vicious dog and badly wounded about the face, Sunday evening, while at the residence of Mr. and Mrs. Ed Coll.

The Sollars family had been visiting with Mr. and Mrs. Coll, who are relatives, and were preparing to start home when the dog leaped upon the child and sunk its teeth into the little girl's face.

Mrs. Sollars was nearby and leaping forward she grasped the child, but the dog, not content with the injury inflicted, tried to tear it from its mother's arms, but it was kept out of the animal's reach until others interfered and drove the brute away.

Neighbors tormenting the dog until it has become very vicious, is said to have been the cause of the dog attacking the little tot.

of Ohio was incorporated, with two branches, whose fifty salesmen cover practically the entire state of Ohio.

Founded on sound business principles and conducted on the most progressive business lines, as it has always been, the Dahl Millikan Co. attributes its remarkable success to the splendid loyalty of its legion of staunch supporters.

The high standards of the company and the tactfulness with which they have always taken care of their customers in their business dealings are their most valuable assets.

Although in an entirely different line, these same standards are employed in the company's annual outings, always at apart by their perfect plans and the generosity with which these outings are carried out.

This summer's outing is in many respects particularly attractive, and those who have tickets are most fortunate.

TWELVE GAMBLERS GET SMALL FINES

Fines of \$5 and the costs were assessed on a charge of gambling. This is the first raid of its kind in a number of months.

Kaiser's Only Daughter, Whose Wedding Plans Stirred Europe

ELABORATE preparations were made for the wedding of Princess Victoria Louise, only daughter of the emperor and empress of Germany, scheduled for May 24. European court society was agog with interest over the event, and many world famous personages planned to attend the ceremony. The engagement of the princess to Prince Ernst August of Cumberland created a stir when it was announced several months ago. It meant the healing of the breach between the Kaiser and the Duke of Cumberland. This picture is the latest of the bride.

BALKAN ALLIES ABOUT TO FIGHT AMONG SELVES

**BULGARIANS FIRE
UPON GREEK FLEET**

Believed at Athens Former Are
licking For War.

Athens, May 26.—Admiral Condeurliotis, in command of the Hellenic fleet, telegraphed that the cruiser Averoff and some destroyers were fired upon by Bulgarian batteries at Kavala, when passing three miles from shore. As soon as the Greek flag was sighted the Bulgarians opened fire with siege guns and three batteries of small artillery. None of the shots took effect and the Greeks did not reply.

The incident has created a very bad impression here, and it is believed that Bulgaria is trying to force the Greeks into war without a formal declaration. Premier Venizelos refuses to regard the situation in this light, but has made a protest to Sofia.

The situation resulting from the clash between the allied troops in Macedonia is considered to be more critical. The Servians are advancing on Perlepe and Kuprili from Monastir and the Bulgarians are concentrating at Ishid. One movement is believed to be intended to check the other.
